What if the British were half-hearted in providing self-government to their colonies? Here we take reference to what could have been the separate states of Singapore and Malaya and how economic progress is used as a smokescreen for a lack of true political freedom for the lower classes, a continued economic inequality and a mix of racial and religious tensions amidst a backdrop of rising nationalism.

"While I appreciate Pickett's want to help the common man, he is otherwise completely morally and spiritually bankrupt. You know, I could go on and on about how exclusive his definition of the common man is, how his racial prejudice makes turns his ideas of solidarity into nothing more than a white vapor, or even how closely his ideas replicate fascism in left-wing form, but at the end of the day, I do not think he would listen particularly closely. He really is just your stereotypical racist femboy, the only difference being that he's right about capitalism."

Don't ask how we know that you are a werewolf, but we are not sure what to think about you - in folklore werewolves typically aren't portrayed in the best way. Politically a centrist with right wing tinge and leaning towards free market... If someone could name an even more mediocre and boring position, we would perhaps give them a cookie. There is not much else interesting about him - yeah, we know that terrorism is absolutely vile, and should be opposed by every civilized nation, and that those vampires are dangerous, what's new? "I have just completed my readings on Representative Edithson, and I must say I approve of his leadership. The monarch that ruled before him clearly had no care for the wellbeing of his people or nation, and was in no position to be a leader of any kind. I greatly appreciate his theological approach to the liberation and freedom of his people; it is a sad fact that many past revolutions have been used as opportunities to eliminate citizens' spirituality. While Ketorushima might not be democratic in the human sense - I must confess, there is not always a need for much governing here - I have always been committed to safeguarding the natural rights and independence of my people, and am pleased to see him doing the same. My attitude is friendly."

Official Judgement of The Overseers:

Judgement: Nikolia is Heretic
Punishment: Burning at the Stake

"Another communist, pathetic. We have time and time again been disappointed with the rise of such godless heathens and this 'revolutionary' terrorist is only another one of them. You know what we do to people who identify as 'revolutionary'? We burn them, and feed their corpse to their family. Nikolia's illicit activities in her rise to power will be judged harshly and a harsh punishment will be handed by **The Headsmen** for each and every one of her felonies. And add all of those crimes to the fact that she is a female, and as such her political influence contradicts her role in society."
