Terren Dominion

Sons of Liberty - On 2121 in the Commonwealth of Columbia: Finance has become consolidated, people escape to virtual realms for the perfect world, parasocial relationships with machines forms, eugenics has returned and algorithms shapes every part of human perspective in an America stripped of its identity by their European overlords. However, a few bands of patriots have taken upon themselves to restore Americana idealism in an age of ironic cynicism after seizing Earth's last remaining nukes. Trying to make them remember America and casting a sword of Damocles over Europe from the oil rigs and bunkers scattered throughout whilst engaged in a memetic warfare over ideals.

This nation is dedicated to the brave patriots of America

The Republic of Elfilin, a beautiful nation with chinchillas. It is anti-fascist, due to the atrocities committed by them in World War 2. It is a liberal nation, having democratic elections and also supporting human rights.

A grey rain falls on Revachol. The city soaks in it, cold and dripping. Waves hit the concrete breakers. The homeless huddle by the fires behind the fences. There, among the shacks, is your home. Stay. Have a drink. This is somewhere to be. This is all you have, but it's still something. Streets and sodium lights. The sky, the world. You're still alive.

Washington Columbia?

nuclear War has consumed the Once holy Lands of Russk, The Government reduced to ashes with trace amounts of our church hidden in forts and underground bunkers deep in the tundra, while on the Surface warlords and militias struggle for survival, Food and comfort are a luxury enjoyed by next to none. While in the bunkers that our generals and clergy retreated to when the bombs fell, nothing but schism and starvation await. Will our Holy Regime live on in this Post-Nuclear nightmare?
