Jon Hopkins-Autumn Hill

Like this album, but I think he perfected his sound on his latest album.

Crystal Castles-Doe Deer

Prefer this stuff from them. So far, going through this again, my two favorite songs are the ones closest to synthpunk

Crystal Castles-Year of Silence

Samples Sigur Ros. Works surprisingly well in a synthpop type of song.

Crystal Castles-Violent Dreams

I think their first album may be the best. Which is unusual. Usually the first album is decent, but could be better, and they get better later, not worse. Or they have a slowly progressing career, and THEN start going downhill

Crystal Castles-Not In Love

Ew, why do so many synthpop bands seem to have such godawful male vocalists? The Naked and Famous, Chvrches, and now this band all throw in a male singer, sometimes too much, and they all aren't very good singers, and partly ruin the band for me.

At least this seems like the only song by this band.
