Madonna - Like a Prayer

From: *Like a Prayer* (1989)
Genre: Pop rock

Male, 23, Indonesian

Major partner in free association with [Faraby](#) (that's my puppet/secondary nation IRL).

[Factbook](#)

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Dance Of Fate - Epica

Genre: Symphonic Metal
Album: Consign To Oblivion

Went through The Phantom Agony and then We Will Take You With Us, now on Consign To Oblivion, an album I already know very well. The difference between this and The Phantom Agony is pretty significant, still a bit of that old sound but much more polished, original, and varied.

Visionary666 - *When Gods Cease To Exist*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
