I really dislike the fact that their queen is a prepubescent, unintelligent girl in her 20s that pretty much ruins their country to the point that Laura Ortiz's official factbook's title has the editor's note of "or why it is sometimes better to leave the throne empty".

so far my bbcode knowledge is lower than the Dead Sea

I feel you, especially when writing up my factbooks.

No, we were never a colonial power, but we're trying

Also, HOLY CRAP, just how many factbooks do you have on IIWiki :00

I'm debating on whether to use NS or iiWiki, can't decide on something yet.

The Athenian Sea League is set in a low fantasy world where all the legends and myths from greek mythology are true. And in it's current form the Sea League is a collection of city-states, oligarchies and petty kingdoms led by a triumvirate of it's three most prominent member states: mighty Athens led and represented by it's Archon Eponymos Pericles, "Father of democracy", brave Macedon led by Perdiccas III "the Wise" and represented by a court official by the name Pausanias and fearless Crete which in itself is a union of Cretes two most powerful nations, Pefki and Messara which each having to share one representative, said representative being Podarkes.
