Monkey 4018 proudly declared himself a liberal and a centrist. Suddenly, monkeys from all corners of the political spectrum charged at him, tackled him, and killed him in the most brutal and inhumane way possible.

Monkey 4001 went on an adventure with some allies to find a treasure hidden in India. However, it was guarded heavily by countless agents. Agent 001, Agent 007, Agent 006, Agent 011, and the eponymous DIAVOLO.

The first fight was with Agent 007. Who killed Monkey 4001's friend, Monkey 4007. He figured out his special ability, shooting people with a gun. Once he did, Monkey 4001 was easily able to defeat him.

He wasn't there to participate in the battles with Agent 001, or the second battle with Agent 007, who he learned had killed Monkey 4006, too. His rage built at their leader, DIAVOLO.

At this point, his rage boiled over the top of the pot. To the objections of his teammates, he marched down to Calcutta and confronted DIAVOLO, managing to reveal that he could actually RELOAD his gun then shoot again. But this was at the cost of his life. Monkey 4001 was shot seven times by DIAVOLO, despite a revolver only having six bullets, and bled out to death.
