I'll just repeat Eclipsed by the Sun.

Speaking of Vareiln, I need to dig up that song they mentioned I might like that I lost track of because I needed to restart my computer.

The sound of our neighbors deciding it is time to launch off a ton of fireworks all of a sudden....

Welcome to the country in Washington state, where people shoot off illegal fireworks all around you.

I need to stop listening to soundtracks. Now I want to go and actually start up Bastion and go and play some Red Dead Redemption ☐

Of course, some of the Red Dead Redemption soundtrack sounds like western music.....seeing as it's western game.

You can do gaming and music at the same time. I'm on Minecraft at the moment.

I did that when going through long songs. Would put on like a 16 minute song then switch to Minecraft and work on some project until

the song was over, then come back here and post a new song. Quite a terribly slow experience on my computer, but whatever, though it appears our internet provider actually upgraded the lines like they said they would so our Internet is like 3X faster then it was just about a week ago.

Right now I'm busy working on RP-related stuff if I'm not posting on here.
