Monkey 914 ate a hamburger in India.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

Monkey 902 said "eyy" too many times, so the Gods removed the eyy from his name, making him a Monk. When he realized the religion he was assigned to, didn't worship bananas, he promptly jumped off the building's roof.
