Roman Catholicism, with some syncretised elements of Mexican origin.

(Red & yellow being the Castilian/Spanish colours, and "Fox" being the English meaning of the nickname "Zorro", going by the flag alone I imagine the country to be a California [geographically more-or-less] that became an independent kingdom under the 'House of De la Vega' [that being the hero Zorro's actual family name] instead of being absorbed by the USA.)

Maybe don't. This could be construed as baiting, which is a violation of the rules.
