How I found NS. Try not guessing where I reside.

We need to accept that there are things beyond our control.

Also, if having a letter in a flag is a sin, I'm your vexillographical sinner.

Today's episode of *Sesame Street* is brought to you by the letter **A**.

"We won't be taxing, bureaucratic hypocrites forever!"

We're currently fighting a just and not at all drawn-out war in the Senora Wasteland against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.

Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.

Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program

Catholicism. And monarchy. No idea why Catholicism, but the purple with white trim feels very monarchical. Also, I just noticed those are the nonbinary colors.

The [overview](#) shows two flags, so I'll do both; a flag appearing to come straight out of an r/vexillology thread, and something that could likely be used by a formerly Confederate US state.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.
