Here's one: When the topic of NS moderation (particularly the rulings or the "muh corrupt mods") come up, some users seem to go into free speech supporter mode.

(Bonus points if their IRL political views are pro-authoritarian)

That one thread from a few months ago where the OP was seriously saying that everyone who was disagreeing with their stance on moderation being corrupt as being either a 'shill' or 'having Stockholm syndrome' was something else. 🤔🤔🤔

### Romextly **wrote:**

Cliche: when godmodders call people who point out common sense godmodders

This isn't a cliché but I wonder when people began calling it 'godmodding' and the users who do it 'godmodders' instead of the original 'godmoding' and the users being 'godmoders'. Cuz the term comes from the concept of 'god mode' in video games where you're completely invincible.

I know the term isn't an NS-exclusive term so the origin of the misspelling is lost to time but still.

Well, it started out as godmodding like god mode, but slowly transitioned over to godmodding, like modding the RP like a god... or something like that. Don't ask me, I've been here for like one year.

The abundance of NS (something) threads is a bit weird.

People copying easily modifiable F7 thread concepts is such a common thing. Had it with the NS Sings threads, those 'X v Y' threads, etc.

Personally, I find it kinda lazy and uncreative but that might just be me.

Nah, it isn't just you. But I like having my leaders interact with other F7 leaders, which is why I post in them. The hand-holding one is something I see as having the potential to be wholesome.

I think I may have started it with my older thread "NS Elevator" and "NS Elevator 2", but I was relatively new at the time so I wouldn't know 🤔 I was Trinadaed at the time

I think they're always fun in short bites! I really like the leader interaction ones. : )

Though I do say in short bites because it starts getting awkward when I repeatedly run into the same above nations/leader and that's where I kinda drop the thread for a good few months. :/

I don't think I'm going to use NS stats...

I always read it as "National Socialism Tower", "National Socialism Classroom" because it always has this underlying oppressiveness that seems bottled up underneath the ironic atmosphere.

I used to solely play NS on a tablet which had a tendency to crash out of its Internet browser every ten, twenty minutes.

It was painful, and recopying everything I wrote every sentence or two was the only way to get anything done.

I used to browse this site using my Wii U. It wasn't because I didn't have anything else, but just because that was easier to use when I woke up vs my old laptop.

Honestly it wasn't actually as terrible as you'd think cuz the Wii U web browser was actually pretty legit, had (limited) tab support and everything. Unfortunately since it's no longer updated, lots of websites don't work on it anymore since it doesn't support some more modern security standards. Kind of a shame, but I also haven't actually used mine in a few years.

I mean it was a lot better than using my phone to browse the forums.
