"Virus Bomb" - Anaal Nathrakh

An excellent song for my alarm. Impossible to avoid not only getting out of bed but also engaging in crazed headbanging.

Are these "human rights" in the room with us right now?

The sludge-sucking van outside the apartment. They clean out the entire sewage-system of the building.

Sounds like five hundred people chugging beer through a vibrating toilet.

the futurama theme

The United Federated Districts of Hevora. Or Savedland, as it is often hideously anglicized...

We are a large, free, powerful and beautiful country with a very long history that stretches back thousands upon thousands of years.

We are a union of many nations and cultures. The most dominant and shared by almost everyone is that of the Hevoran (Savedlish) People. It has its roots lying in an ancient creole culture that emerged from extensive contact between a bronze age hellenic and norse civilization which evolved convergently on an fictional, alternate universe Earth.

Bit weird, I know. But we're a lovely culture if you care enough to get to know us! :D
