This is not at all a serious nation. It's simply to mess around with the aesthetics of vaporwave, synthwave, and their sub-genres. It takes place in a fictional video game like world (for the time being)

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.
