“

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.

My first pick would probably be the Groen Party, then either the Demokratiese Sosialistiese Party or the Solidariteit & Ekwiteit party. A very broad and well laid out plethora of options! (though I'm sad the Trade Unionists get roped together with the Leninists 😞)

For the BN, if you wanna, once you've picked your favourite, also pick one or two others that you'd most like to see in coalition with them - since all our governments are coalition-based.
