The West won the world not by the superiority of its ideas or values or religion ... but rather by its superiority in applying organized violence. Westerners often forget this fact; non-Westerners never do.
--S. Huntington

The most fundamental problem of politics is not the control of wickedness but the limitation of righteousness.

Saltwater - Damian McGinty

A fox, an owl, a pack, a pride, a clan, and the serpent's daughter who is not evil.

"What," he said idly, returning the dragon's blood to its shelf, "is your name?" The girl fussed with a bit of her hair. "Starwing," she said, her tone implying that he really should have known this already.

"What is the airspeed velocity of an unladen swallow?"
Starwing's eyebrows rose as if he had affronted her terribly. "Not swallow," she said curtly, folding her arms across her chest. "Owl."
