While live streaming, someone tells Man that his content sucks. He gets so sad that he accidentally ascends for 0.0001 seconds and accidentally obliterates Afro-Eurasia

Liebendeland is on a small island off the western Portuguese coast. NS stats are canon unless anything stated elsewhere contradicts them. Thank you to -Astoria- for helping with the code I used on the daily news thingamajigger.

Man becomes enraged because every time his fellow Mans build up a good story with a nice plot and characters, someone makes a stupid way for him to die just because they want to be important. He becomes so enraged that he transcends death and control beyond the 4th wall.
