Meaning of the OmniOne Flag

"A flag is the greatest way of showing a nation's pride."

But how can one show pride if they don't know what the meaning of the flag even is?

Time to explain:

Let's start off with the background. The background is simply a bunch of stars, nebulas and galaxies, showing the vast amount of space there is.

Then, let's talk about the shining star. Take note that I said shining. The reason why there's only one star is to represent our unity, that can be considered one star.

The shining represents our distinct light, to serve a purpose.

In conclusion, the flag represents a bright, distinct united group in a vast amount of space.

There is an ominous conspiracy and even as possible silencing of a security breach going around the apparently nonsensical word known as "Fthybvc". Shocking truth!

The Navy and Coast Guard are the smallest of their branches when it comes to expenditure but even then they still muster 5 carriers and hundreds of other different types of surface vessels and submarines.

Well, with a budget of 2 trillion, we can most definitely afford them, although they are relatively outdated compared to the armaments of the Army and Air

Force.

An ancient empire in the heart of Europa, born and forged in the fires of war, headed by an embittered Kaiserin and her ambitious generals. Surrounded on all sides by invaders and saboteurs, and having emerged victorious but scarred from a war to end all wars, the Fatherland stands on guard.

Set to go through a major rework. Timeskip, new factbooks, and map update included.
