I can't say I've ever seem them until now and judging by their factbooks, neither have most people, but the 173 endorsements in a region which is not a feeder suggests they might be pretty well-known in their region or a part of NS I just don't interact with.

BN, I do not use NS stats.**Rhanukhan**

'tis a flag I'm familiar with, but I haven't seen them in a few weeks now I think about it. Presumably not a very frequent poster leading me to say not too well known.

They've certainly been developing a notable presence these last few weeks - moderately well-known.
