**BN:** Since I have both parliamentary parties and extra-parliamentary parties, please pick one parliamentary party and one extra-parliamentary party. Maybe even add more (if you want to).

It's hard to say since I like so many of them... I'd probably just support the Green Party. If I had to choose others, it'd be the Green-Socialist Party, Power to the People and Planet, Ecologist Party, Earth Party, or Party for the Animals depending on the individual's policies.

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.

*If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.*
