Since it's a civil rights lovefest I may live in it, so long as it's not one of those nations that claim to have civil rights yet hates anyone who has different opinions.

Hmm, catgirls. Tempting tempting. Healthcare seems better than in the USA but Big Pharma is still around. And then there's the whole pornified culture. I have conflicting sentiments.

Sorry, but nope. Culture is a lil' not for me...

Skyhooked is MT/PMT with a few FT elements. Military is factbook only. NS stats are mostly non canon.

The first part of the document discusses the importance of maintaining accurate records of all transactions, including sales, purchases, and expenses. It emphasizes the need for a systematic approach to record-keeping, such as using a ledger or accounting software, to ensure that all financial data is properly documented and organized.

The second part of the document focuses on the importance of regular financial reviews and audits. It highlights the need for businesses to conduct periodic checks of their financial statements to identify any discrepancies or errors. This process helps in maintaining the integrity of the financial records and ensures that the business is operating within the law.

No. I prefer living in a nation with a large federal military, aka the USA.

#### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.
