"fascist rebels funded by the Vietnamese government"

Wait what? Oh shoot, did South Vietnam win the war? 🤔

But seriously though it must suck having to deal with one rebel group after another rebel group after another rebel group and with some of them being supplied to by foreign governments.

Those who live in rural areas and smaller settlements are subject to a form of feudal governance. City-dwellers experience slightly more economic freedom, although the government can levy their services at any time when deemed necessary.
