The Federal Kingdom of Erusea ☐ **"Vérité sans peur!"**

A proud kingdom in western Usea, led by the righteous King Jean Louis V. A historical imperial power and aggressor marred by years of war and refugee crises brought on by the Ulysses Disaster, Erusea has slowly begun to reassert herself on the world stage in a time of rising global tensions, militarism, and a new cold war.

No. I chose death before dishonor.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.
