The background music to the Princess and the Frog main menu.

Anoll! You changed your flag! How come? (Just curious; not upset or anything)

Huh, didn't know that.

It's an IC thing. I'm trying out being an authoritarian republic for some time. It doesn't affect anything OOC.

No, that's just what I was listening to when I posted that. Garbage isn't the background music.

Oh, okay. Makes sense. I like your IC flag, but I think your OOC flag is a bit better.

Good choice with the Radiohead song btw.

Rorschach Test - *Elvis (Dis-Graceland Mix)*

Industrial rock/metal. From the album **Unclean**, released in 1998 by Slipdisc Records.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of

evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
