Read that the following song and dance might become the rage this summer. The younger singer (DKB) is from Cuba while the other guy is from Argentina (King Africa). That song is funny. ☐

### Dead Prez - Way of Life

Rap song about martial arts/aspects of a warrior.  
Also, this dude compiled photos/video clips of him practicing martial arts in China to go with the music. Makes for a really awesome video.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

2Pac - Blasphemy

*The preacher want me buried why? Cause I know he a liar  
Have you ever seen a crackhead, that's eternal fire  
Why you got these kids' minds thinkin that they evil?  
While the preacher bein' freaky you say "honor God's people"  
Should we cry, when the Pope die? My request:  
We should cry if they cried when we buried Malcolm X  
Mama tell me am I wrong, is God just another cop  
Waitin to beat my ass if I don't go pop?*

Dead Prez - Hip Hop

*Don't think these record deals gon' feed your seeds and pay your bills  
Because they not, MCs get a little bit of love and think they hot  
Talking bout how much money they got; all y'all records sound the same  
I'm sick of that fake thug, R&B-rap scenario, all day on the radio  
Same scenes in the video, monotonous material*
