IMO their best song. Ride the Lightning is overall my favorite Metallica album.

I think my favorite song by them so far is Orion. The vocal style of Metallica isn't something I hugely get into (though I don't mind it like I used to), so I guess that is why I like the instrumental the most

Orion is probably my favorite out of their instrumentals. Vocal style changes quite drastically after ...And Justice for All.

[Kreator - Amok Run](#)

Weakest track on this album.

Is that when they start going down into crap? Listened to a song on Reload (Not Fuel, The Unforgiven 2), and was realizing how different the vocal style was.

Metallica-Fade To Black

I know this one and the previous one I posted. My dads listened to them enough I know some of their songs quite well.

I wouldn't say crap, I really liked Black Album and Load. Reload was the shitty one. St. Anger isn't all that bad and Death Magnetic is pretty average.

Still sounds like overall they're not as good after that period, though.

For me, Metallica's golden era was Kill 'Em All -> Load. Load wasn't good "Metallica" album but a good rock album.
