I liked every other song more (except In the Light)... But as I've said, I don't really like Plant's voice and that wailing was just too much. And musically... I think there are better India inspired songs out there.

[Led Zeppelin - Tea for One](#)

I think Presence is one of the best Zeppelin albums, because there are long songs where Plant doesn't sing that much And I really love the blues influences in this song. Giving 87/100 for this album, easily their best one so far, got only 3 albums to go.
