Baroness-Wailing Wintry Wind

Getting rather tired and have been kinda eh on doing much all day, anyway...Actually felt bored today for the first time in a while and couldn't find any way to entertain myself. Sitting here listening to music with no idea of what else to do doesn't really work well...

Random song in my "Watch Later" list on Youtube. No idea what or who this is, but I kind of like it...

I always find the most random shit in my Youtube playlists for some reason. ☐

What's with power metal/symphonic metal bands and mostly being female fronted, compared to the rest of the metal genres?

No idea. And sadly, too many times thrash/heavy metal band gets classified as power metal just because they have female vocalist. I think that's because high pitched vocals are one of the trademarks for power metal and women have higher voices.

Riistetyt - Jälkeen Korppien Paraatin

Now for some HC punk.

My main problem with power/symphonic metal is that all the female vocalists practically end up sounding the freaking same as each other, so it starts to bore me quickly. And they're not usually musically interesting enough for me to care, anyway.

Pretty much. My favorite female fronted metal band is Meanstreak.
Good thrash metal right there, all-female band and 3 of it's members
are married Dream Theater members
