Estonia

I am not a pirate nation. I am like any other war torn African country. The pirate flag is there cause it's Somalian.

The name of my nation literally means 'Corrupt land' in Somalian language. The nation is legally a part of Somalia in all but name and in a state of complete anarchy .

Currently there exists a 4 way struggle for control of this land and its **piracy, slavery, arms and drug trade** between a Rouge Somalian politician, a typical Pirate warlord, an extremely cruel, corrupt Portuguese UN peacekeeper general and the descendent of the Pre Colonial king of the land who has returned from his mansion in Paris to spread mayhem.

Many bored manly men from well off countries come here to live a life of excitement and unleash their testosterone by becoming a mercenary in our civil war.

Hmm, i'm guessing latin america.

proud agender gay person. biologically male. they/them is preferred, or he/him if it makes your life easier, though i can get really mad over that.

i'm also a music fan, mainly into progressive/Avant/experimental type stuff. right-libertarian bordering ancap whos into anarcho-individualism and free-market socialism.

New England

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

Karachi, Pakistan !

I am like the EIC

In 2009, Steve Murdoch, an American opportunistic miner found a place called Sengalia on the Niger-Chad border where there were more than 10 dozen Uranium, Gold and Petroleum mines. He came back to the USA, and sold everything he had to buy a huge cache of arms. He then supported a local dictator warlord in that region. In return, he demanded that Sengalia be given to him to rule as a protectorate of the USA. The dictator agreed.

Sengalia area=650 sq km

Murdoch then established a mining conglomerate and started large scale mining activities there. The US government approved for his new nation in return for a fix tax.

Today the nation is like the wild west with miner camps, fast food hotels like McDonald's and plush company offices alongside poor native villages.
