"Well... I'm not sure how 'divine' you are, really. You call yourself a goddess, but for all practical purposes you don't seem that much different than the rest of us. I mean, you're massive, and, er, magical, possibly, and your people worship you, but I still think that a god would be more... impressive. You're just as flawed as I am. If you would not claim for yourself the titles of the divine, I would respect you quite a lot more than I already do.

As it is, I've got no issue with you, as long as you leave my kind alone. Please do so."

"I approve of his leadership style, but not him. While he is not a divinely ordained leader- such as Myself.. I think?- his dispassionate prose and stoic monologues must certainly inspire confidence in his followers. I do not care for his policies or beliefs, they are irrelevant- I am not aware of the issues which plague his nation, and I do not care to know. In regards to his personage, I can only explain it as an irrational hatred- perhaps some petty witch laid a curse on him that prevents him from ever experiencing the sublime emotion of My patronage, I do not know. What is fact, however, is that every time I see that dumb face of his, I am forced to overcome the urge to hurl, and I always make certain to *never* look upon on him if I can help it!"

The Statement on Starwalker

"Starwalker... Such a pompous name, if we are being honest. But hey, it matches your skills - you are a computer scientist, programmer, and an astronaut! And huh, you got to be the smallest out of all ascended tribes - being 4' tall is probably no joke. But it is not the height that matters. That said, his mother sounds like a piece of sh*t - a drug addict, which also deformed the man's legs when he was born, and they had to be amputated. Honestly, autism is on the tamer end in this case - you could have also got that debilitating disease OCD. He is a meritocrat, and we commend him for that. The fact that he regularly communicates in the channels even with face-to-face interactions being impossible shows that he at least ain't socially inept."

"Now for his views - surprisingly, there is so much pro stuff in his views that we could agree on. Him being neutral on vegetarianism is where it gets in the murky area, but then again - excessive red meat consumption is bad for environment, so vegetarianism gets a pass. Him being against conservatism is a bit unfortunate, along with being anti-prude, but perhaps he had more negative experiences with them, which would make his dislike understandable. We do share his distaste for luddites, and are neutral on electronics stuff he doesn't like."

The Statement on Hiutharnes

"Judging from what has been recorded in history, he indeed has had a helluva of lifespan - born in 1700s, yet appears as far as 1953. Considering that Thakians probably have magic stuff involved, that shouldn't been a surprise. Overall, we have no interest in his backstory, and let's just see what he stands about."

"We are mixed on his stance on ethno-nationalism - sure, it can often being disaster and pain to the region if it goes wrong, but there are times when it is the only way to preserve a small nation's identity in the ever-changing world. He is a pragmatic democrat, which probably means that he would still be open to deals with dictators if it was the best solution, even if he might not like them. And it is good that he is against eugenics - that sh't should be supported by nobody, but sadly it still has followers."

"A very speedy individual, this Gwen Hepburn woman seems quite interesting. Combat-oriented, a rather disturbing fact given her prodigious age and cheerful disposition. I am not certain what should be made of that, though-given that I have heard nothing which might hint towards some dark, hidden motives- I believe she is worthy of some small trust... Though, given her long-lived life, the amount of atrocities she is sure to have committed in some far off time is disquietingly likely to be astronomical. Thus, I believe she is capable as a distant ally, but not as a close friend, and must most certainly not become an enemy of any form."

The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. Anyway, I hope that I will be a little more verbose compared to last time, so I am absolutely positive on you, let me preface that. Now, a couple of things about yourself. I do appreciate someone who treasures time to the best of their abilities, and you are no exception. To not waste a precious second and to do everything that you can in this world, and being a mathematician and a computer scientist is amazing! You should meet Jenny sometime, she is our computer expert! I am sure that Clarissa has met you so many times! Secondly, now... one of the pictures in your dossier suggests that you are rather flexible, in a way. "Auestrikers have it that this is how Death looks at you -- she doesn't care that much about you". You have an amazingly flexible neck and it makes me uncomfortably painful just by looking at you! I hope you did not take offense at that, I have not just really seen something this drastic. And last but not least, of course, my friend, I suppose that you should smile a little bit. You have a rather stern or a face that radiates disinterest in just about everything, and no offense once again, but your dossier looks like you are living in the 1920s perpetually - no color pictures, how distressing!

"ARRRG! A Mermaid! Ye shall not drag me into the depths vile temptress. I-... Sorry lass, I be a seafarer by heart... Mermaids scare me. Before me, I see a goddess, jus' as cruel as the rest o' em. Yaarr, ye truly be a vile being. But so be I, lass... Actually, to be fair, you do have some redeeming qualities. There be more to you than just senseless violence and torture. Ye granted yer people a city, a shithole in the desert, after decades of pain and death. That be comparable to givin' yer sweetheart a ring to wed and an 'I be Sorry' aft years o' abuse, but I be not a supposedly enlightened 'n powerful god, now are I? Fair sailing, and remember all the lads ye keelhaunched... Har har har."

Oswald's Status: *No more Halloween*

"What he thinks is generosity by going through with two major reforms, I see as just a means to distract people from his act of piracy. Alive or not, famous or not, a seafaring fool who styles himself as 'High Captain' deserves no quarter. That golden age of piracy is gone and it does not deserve the biggest fool to bring it into a world that is quickly modernizing."

"Yeah, yeah... modernization started to kill the golden age of piracy, but then, gods have created Skyhooked! Now on Oswald... He's uptight "no-sex before marriage and gays bad okay" type of guy, his military strategy has flaws, and he prefers being god fearing... Damn, he's also too traditional and religious. But do ya' know, what's nice about him? Is that he understands, that no matter the race, we are all the people! Important thing for a leader, I say! Still, I have a feeling, that he might decide, that our culture is "degenerate" and try to kill us. If so... he ain't the first one, who tried to put Skyhooked out of business. If not... we might even find some common ground with him and try to make some deal."-Shawn Bjornson

Skyhooked is MT/PMT with a few FT elements. Military is factbook only. NS stats are mostly non canon.

"I admire his bravery and martial prowess, and I'm glad we both agree that liberty is a sacred right to every human being. However I'm not a big fan of his hedonistic behavior, namely his excessive alcohol use and drug addiction. He should tone down on that in my opinion, and focus on other things besides booze and weed. Therefore, my opinion on him is neutral leaning positive."
