Death by hanging in several shires, several hundreds of gauntlets with no possibility of parole on medical grounds (which is technically death too) in most of others. Policemen in Laka are extremely heavily armed and imposing one is a MAJOR crime.

An employee being coerced into allowing a major safety issue not being addressed? The issue did lead to some ~1,5 million N\$ in damages but no one was wounded or killed, other then an awful lot

Life in prison for murder, plus a concurrent sentence of 20 years for possession of a gun.

Vomiting on a policeman's shoes? (I actually saw this happen last Saturday night outside a pub.)

Not... illegal per se. Obviously if it was as part of a crime, i.e. vomit on the officer's shoes as an act of retaliation for a ticket or arrest, and if you were drunk and that's why you threw up, since you stated that you saw this occur in a pub recently, you could be arrested for public intoxication and assault with bodily fluids. The police officer would always have the right to sue you in civil court if it had been intentional, just as any construction worker would have the right to sue you for walking up to them, bending down, and vomiting on their boots.

Spread disinformation about the leader (propagate or create a false story that incriminates the leader of an immoral or illegal action).

Legal. But if you see cops at your door, don't be surprised if you get arrested. Due to if the person was actually gonna do it.

Legal (ewwww). But so is the murder that would likely soon follow; most Zerotaxians are repulsed by any kind of child or animal abuse. That's a line not even they, who are known for their rejection of all things authority or prudism, are willing to cross.

Not a crime, as such things don't exist here, so it isn't possible to be punished for that.

First thing's first, you'll be in 2 days police custody.

Your gun and weapon license will be removed.

You need to pay the full amount of money to repair said car.

\$50,000 in damages.

Also you will never gain access to weapons again, and you're going to get a criminal record that may or may not lock you out of some jobs.

Using artillery stolen from the military to...

Scenario 1: Intimidate your neighbors

Scenario 2: fire it somewhere

Scenario 3: fire it onto some random house
