It doesn't strike me as particularly fear-inspiring, so I would answer 03/10.

(Also, this isn't really meant for this thread, but might I offer the suggestion of changing the outline around the emblem in the centre to white? The black really does not work over an already dark background.)

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.
