Like I always do when someone does this: You're listening to 3 songs at once ☐ ?

Secret Chiefs 3 - DJ Revisionist (The Spin Masta, Kultur Killa, With Da Mad Crypto-colonial Skillz)

I love bands that have weird song names.

Yes. I am listening to three songs at the same time. Why not? I have three pairs of ears and three sets of headphones... what could possibly go wrong?

Dub Trio-Ends Justify The Means

The song that is a bit of a misfit on this album, due to it being much more dub then the rest (that is metal with dub sounds to it). Maybe even a little Dubstep, I guess if you want to call it that. I wouldn't really, but yeah.

Edit: Meh, I guess you could call it Dubstep. It has some wubs in it.

Speaking of bands with variety to their sound. This song has some metal, tango sounds, dance sounds, and so on.
