Listening to the sounds of the beautiful [American Robin's 'singing'](#) outside my window. They do it every morning, and every evening, and it's lovely. Sometimes nature is the best source for music, and nature is much better at making music than a large chunk of bands. Gotta love it.

State of Non Return, Om.

best new track.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Voice of the Soul, Death.

Find me a better instrumental hint: you can't.
