Even though Gelders acquired it's independence in 1877 from the Netherlands, the country didn't recognize Gelders' independence until the earlier half of the 20th century.

Big Brother, also (big) bro or daddy, is the legendary founder of the IOS, and its sole head of state de jure. Equated to the supreme deity by the faith of Theodus, and linked to an ancient Shogun Taikei.

**Kabzeel**, meaning "God's Gathering" in hebrew, is a *federal, dominant-party, socialist(non-marxist)constitutional monarchy* with a rich Jewish heritage dating back to it's creation in 845 CE. Today, it spans almost the entirety of Eastern Europe and is the largest predominately Jewish and female-led state in the world as it follows the doctrine of "*Royal Socialism*", a paternalistic conservative ideology with an emphasis on socialization, social ownership, and conservative feminism. Its relationship with Israel is noticeably rocky, but this is due to the ongoing complications between Kabzeelian and Israeli Zionism.

Kabzeel operates a mixed economy with capitalist and socialist elements working together in various ways. They are also socially conservative while being socially progressive, promoting socialist family values in their society.

Starting in the early 20th century, violent separatist movements have occasionally broken out across the country.

Read this Novel style Factbook. Its unique because it is constructed like a fast paced crime novel or an exhilarating Vice documentary. It has poor formatting, I know.

But just give it a chance. For me.

Read it once. The writing ain't that bad!

The writing is what counts.

PS: It's filled with lots of exciting action, guns, drugs, civil war and stories of hard men. Ignore the bad formatting.
