One day, I'm going to buy all the Godspeed You! Black Emperor music. It's great.

Getting on vinyl is worth it, CD's are a waste. I have the

F#A#Infinity LP, it's heavenly blasting it through good speakers.

High Command, Earth.

Sadly, I don't have a record player to buy vinyl's. We used to have one....not really sure what happened to it. Probably stopped working (Got it from a yard sale or something). I know my dad wants one though, because he has plenty of record's to play in his closet....

AWOLNATION-Knights Of Shame

Edit: On a side note, the plus side of CD's is you can play them in your car, though.
