7/10 they just look unnerving

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.

It feels like more of a flag for an extremist insurgent group rather a legitimate nation.

It also makes me hungry. I'm gonna go eat a poptart.

Ōtomo and Ryuzōji is a small shogunate in Kyushu, during the age of Feudal Japan

7.5/10

A combination of the neutrality of Switzerland, the military capabilities of Israel, and the authoritarian governance of Russia.

I like to complain about bad governments are people halfway across the world, but I prefer that anyone except me deal with them.

6/10 evil in the imperial sense, but can also be viewed as powerful, as opposed to evil.
