We do not use NS Stats, policies, or otherwise. Please only judge us by what is in our factbooks.

An alternate history version of China in which the alliance between the Kuomintang and the Communist Party never broke down, eventually resulting in a federalized, democratic China. Though one of the world's strongest economies and an emerging superpower, China continues to suffer from high rates of income inequality, an overreaching and sometimes corrupt government, and cultural issues that continue to persist despite the efforts of many reformers over the decades. Most factbooks are still an active WIP.

Astoria states in their signature that they're using factbooks from another nation, which has political party Factbooks. Ergo, I'll do both of you.

Astoria: Internet or Greens

Pomeron: Democratic Alternative or Socialist Workers Party

Wizlandia: SDP
