9/10. AN is well known, especially in F7. Bonus points for being the meme nation of meme many people knows and likes.

Hello there. I'm **Simonia**.

Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, Pink Castle City is called that for its pink castle, Pink Castle City's main building.

I won't provide a brief response like "He's a mod, so, like, EXTREMELY WELL-KNOWN." While this may be true in some cases, it's somewhat inaccurate. Just because someone is a mod doesn't mean everyone knows them. Mods are selected based on skill, as evidenced by the mod applications that took place earlier this month/last month. Notably, how well-known they are can be an influence, but skill is the primary factor.

Having been involved in various gameplay circles, when the topic of Godular comes up, the majority of responses are along the lines of "New mod?" or anything that implies they hadn't heard about them until the mod applications concluded. I can say that only Alger and I really recognized him (you, Godular) right from the start. Outside of the two of us, recognition was slow, if it happened at all. So at this point, Godular is quite well-known in F7, being a frequent poster, and is seen around a lot. As Modular, they are even more well-known, and that orange tag is much more recognizable than the sea of green.

In short, they're only really well-known in moderation threads (if anyone lurks around there) and F7, where they frequented before becoming a mod. In the servers I'm in with many significant NS gameplay people and other mods, they still haven't achieved recognition. No hate to you, Godular, just making an observation. You're still on my list of "mods that have actual funny jokes and are reasonable," so I've got nothing against ya'.
