It's literally like a Neo-Nazi nation!)

I'd agree with that. They used to a democracy but now they aren't. They might've just not updated their sig yet.

Union of Social Democrats or the Greens.

That makes me feel way better, knowing that they are not actually a neo-nazi.

Well, they might. They've existed for a while and were a democracy for a bit, but then they recently had a Nazi uprising. It was strange because I went to their factbook on political parties earlier that day, and there was quite a bit of diversity in the seatings. When I went to post though, they had become a far-right dictatorship. Very strange. But I guess we're talking to much about them without them saying anything, so maybe they could explain?

Anyway Union of Social Democrats or Greens.

Anatoliyanskiy is basically if Canada, Australia and Russia had a baby.

Pro and Anti

Luxemburg and Bookchin did nothing wrong.

I've been on this site for 2 years. I don't know if this is an accomplishment or just sad.
