Standard anime-land, but probably with a twist like super powerful robots who act as a wall surrounding the nation and defending its citizens from the radioactive wasteland outside the borders. AN is a futuristic haven in the year 3487, and regularly makes contact with peaceful aliens.

AN does not seem to have a primary banner... So I'm going with the first one that appeared when I looked at their nation...

AN has extremely conservative opinions regarding marriage and sexuality. Only heterosexual couples are tolerated, and everything that deviates from a heterosexual, monogamous marriage is simply horrible, and divorce is clearly not a thing. Religion plays a very important role on people's relationships.
