A survivor city-state located in Maine trying to get by in a world where civilization has collapsed, untold horrors roam the forests, accompanied by extreme weather due to Earth's shifting magnetic fields and where the dead **just. won't. stay. dead.**

Hmm... plausibly a 4-5/10. I don't think they mean to be evil but they look like the kind of nation that'd be so bent on purifying sins that it'd inadvertently be somewhat evil.

Official translation of our motto: For the future!
Here is the 'principality of progress', ruled by Prince Liucijus I, who has implemented a series of reforms ever since his coronation in order to modernize the country. As he glances out of that fine palace in the capital city of Sedvarija, he wonders what's next, as time keeps accelerating forward.
