I don't stand with Ukraine. I don't stand with Russia. I don't stand with the US, NATO, or EU. I stand with the innocent civilians being caught in the crossfire while the politicians, the media, and weapons manufacturers continue to stoke division and conflict in their geopolitical chess games and treat the people of Ukraine as mere pawns. Zelensky is a corrupt, opportunist oligarchic politician who is not fit to lead Ukraine through anything and wants to inflate his own ego and offshore accounts.

I think Iscoria's flag is a perfect example of designing a misnomer flag. There are no "evil empire" flags in real life. You don't outright call your nation an "evil empire" or design flags that intentionally look evil because, well... You want to attract immigration and paint a good picture of your civilization, right?

So not only do I like this flag design because it's a turn away from the "dictatorship, red flag black flag evil haha" look and more of an innocent but deceiving look.

4/10. Good job.

In Character info

The Commonwealth of Atlantartctica is a continental-sized federation much like that of the UK. Founded in the early 2060s, Atlantartctica's economy has recently flourished due to its tourism industry and friendly relations towards its neighbors. Atlantartctica is **against** weapons of mass destruction and advocate for pacifism. Atlantartctica is classified as a Tier 6, Type 4.5 nation (ns stats bad)

Flag design created by the Kingdom of Cantelo
