They have a very powerful empire in Asia.

I am a Cuba where Fidel was overthrown. I exist in MT. American tourism and big business is welcomed.

How to go: Air, Sea. You may also have your car flown in along with you via Vehicle planes.

So... you can't seem to ride cars for half the time.

All of this added on top of the fact the irrational disdain towards Wiki-like factbooks. While they are a commonplace, it actually has potential to be good.

The government implements ethnopurity programmes, consisting of efforts to increase birth rates of the Anglo-Celtic community, and deporting people from minorities (apparently regardless of citizenship). This has resulted in a population that is 94% Anglo-Celtic.
