Monkey 468 shot Monkey 468-through-Monkey 465, then died. Had a heart attack I'd suppose.

Monkey 456 was actually impersonating Monkey 458 when they died, which is why there are two 458s.

### The Monkey Time War

3:00, May 9th, Monkey Time Police HQ

The Monkey Time War was almost over. The Spacetime Empire's troops gathered at the entrance to the MTP HQ, they readied themselves. Monkey 99 would finally be re-instated as leader of the MTP... but 404's troops were not going down without a fight. An elite squad of striker troops went into the building, storming reception and killing the guards, 437 and 436, before climbing the stairs. Striker Troop 435 would be shot by 434, who would run up the stairs. Striker Troop 433 would equip a jetpack and rise to the top of the stairs, almost killing 434, before 432 would shoot the jetpack and cause it to explode. 432 would then be shot by Striker Troop Monkey 431, who would break down the door to the 99th floor, with only 434 standing in the defense of 404. 434 died then, shot by 50 bullets. As the remaining Strike Troopers broke down the door to 404's office, they found something shocking... 404 wasn't there. One could say... 404 was not found

Tired of having to say this: The Kingdom of Voidstania is not a kingdom. It is a communist dictatorship with a weak democratic senate under the guise of a monarchy. Normal country stuff.

Also, NS stats and policies are not canon (Because I have a tendency to click the wrong options and give myself dumb policies)

Not be mean, but I think killing 31 monkeys in one move is a bit much.

I dunno though, I don't make the rules

Monkey 398 wasn't coded properly and caused several errors, some causing crashes. It has been deleted since.

Monker 396 pseeded himself and suffered from a comatose attack, immediately dying.

Home of the legendary Mega Trollge.

"I will peg you to death" - Mega Trollge

**Ancient Trollge** was discovered in March of 2021 but remained in obscurity. The god of trolling, Mega Trollge, has laid dormant in the city for thousands of years. A sufficient amount of trolling has been noticed throughout history. Recently, though, amounts of trolling have crashed, birthing the event "The Ancient Trollge" which is on the 23rd of September every year.
