It's odd cause I feel like I've seen them a heck lot of times but can't exactly remember how many times, they're quite recognizable, but as someone who was never active in general, I've rarely interacted with them.

Extremely well known in General.

Without a doubt one of the most recognizable and memorable nations just in general. Not only because they've posted rather frequently in almost every (cool) forum topic here, but also because as a nation Ionaris stands out even among the rather common trope of grim dystopias with that next level aesthetic. So yeah, extremely well known

Rather prolific in F7.

**DD-705
U.S.S. COMPTON
1944-1990**

Compton was an Allen M. Sumner-class destroyer built for the United States Navy during World War II. She earned one battle star for her service in World War II, and was transferred to the Brazilian Navy in 1972 after her decommissioning. She served as the Brazilian Mato Grosso for 18 years before ultimately being stricken and scrapped in 1990.

If this is Buhers, extremely well known in F7, they're quite the popular user, everyone here knows him as the summie destroyer lol, they're also fairly respected here because of it, but even with that reputation, can't help but get a little hate from it, right? ☐

If this isn't Buhers and I got it wrong, I'm sorry ☐ !
Otherwise, I don't recognize them, and since they're so new, not known at all.

Always around in the silliest areas of F7, which is, of course, silly by definition. No idea how well known he/she is beyond that.

Leftists abuse politics for their narcissistic need for moral superiority. Ironically, they usually achieve the opposite.
