Descriptions of parties are not really given, but by name alone I would say the Democratic Alliance.

The **North Sea Realm**, colloquially known as **Northaria**, established in 1421 A.D. (current constitution: 2022).

A multiethnic Northern European nation with strong democratic traditions and an elective monarchy, now building socialism.

We use NS stats, with the exception of tax rates and the related stats. The Northarian population is roughly 88.5 million as of last census.

Member of the **Atlantic Defence Agreement** and the **Arctic Council**, current president of the **Western European Union**.

I reject anything and everything political that I posted on here prior to 2019.

Justice Party.

Most NS Stats and Policies are *somewhat* accurate to how I envision this nation, but please try to judge this nation primarily based on its factbooks.

This is my attempt to write a nation that embodies my political views, but is also played realistically, showcasing both the upsides and downsides of my ideal system. Most factbooks are still an active WIP, so let me know if there's anything you think can be improved upon
