Australia

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

Guessing from the sig, Bangladesh

A typically neutral, with high technology and cloning. I sometimes use NS Stats. A tier 9 Civilization

There is no news at this date. No significant events have occurred. Anyone who says otherwise will be executed for treason.
