Rich Chigga - Gospel

Kosernia City is a Rather Large Communist City State Set In The 24th Century. Kosernia City is inside of Kosernia as the capital City with overseas territory such as; India, South Africa, Somalia and Cuba (that's only a few)

Common misconception: We are just a City. No we aren't, we are more like a Soviet Union consisting of Territories all over the world that could even challenge the British Empire.

A small corner of the world in 1872. Set in the world of the video game *80 Days*, with supernatural beings mixed in. Several factbooks need to be redone.

I'm socially awkward sometimes, and bad at keeping up with things due to life's hecticness, so I might not always be the best at roleplays etc.

The Times: Englishman Phileas Fogg departs London, having bet £20,000 that he can circumnavigate the globe in 80 days.

Local News: Karl Marx visits Sitka, is "impressed".

With the 14 of these babies in the books at 500 pages and the last taking close to *EXACTLY* the 12-month goal set by **Minoa** when it was posted, I've taken it upon myself to now present to A&F the super-duper 15th edition of *What Music Are You Listening To?*. I'll set a goal of **11 months** this time. Gotta keep improving!

Anyways, this is a hangout thread where we post and discuss whatever song/band/album you're currently listening to. It's always cool to sample what fellow NSers are listening to and it's a great way to maybe meet a few who have similar tastes.

Commentary and details about the song you are listening to are encouraged. Please refrain from posting several times in a row if no one else is posting in between. That is considered spam. You can always edit your latest post to add a new song.

Example:

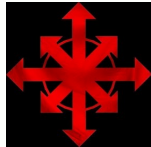

I'm listening to Avantasia's "Mystery of a Blood Red Rose" from *Ghostlights* (2016). Solid rock opera track.
