I feel kinda weird putting stuff from this album on my "ambient" playlist, but there's ambient in there somewhere buried underneath all the industrial noise....

Which, my playlist is titled "Minimalistic/Ambient/Drone/Noise", so it works...

Eyvind Kang-Hour of Fair Karma (Part 2)

Apparently 3 songs on this album need to have the same sounding section in part of the song.

[Samael - Valkyrie's New Ride](#)

Dancey industrial metal. Kind of fun, but gets repetitive.

Eyvind Kang-10-10 (The Beloved One)

This ones just extremely odd. And slowly changes throughout the 10 minutes, but has repeating lyrics over and over again, and sounds. Still like it, though, but I remember discarding it originally because of it's strangeness and repeated sounds.

Edit: Hah, two comments about repetitiveness in a row.

Stars of the Lid-Dungtitled (In a Major)

Still some of the most beautiful ambient music I've ever heard comes from this album.

Democracy

That name is a dead giveaway for one, and for two, I know the band well enough to know they're not ambient

Stars of the Lid-Articulate Silences (Part 1)

Wow, albums 14th on Rateyourmusic for 2007.
