Fashion too. ☐

Considering 90% of my clothes appear to go into the "dark loads", yes, that too ☐

You need more pink. Pink goes so nicely with black.

“ **Corrian wrote:**

[Remember Me Soundtrack-Olivier Deriviere-Nilin The Memory Hunter](#)

Interesting composer name.

This soundtrack has an interesting mix from what I heard. Glitchy orchestral music with a Theramin (Instrument I seriously want to own) in it. The orchestral music itself isn't that exciting but the mix makes it cool.

Orchestral glitch? ☐

I've been looking for some good melodeath, and you've given some to me. Danke.

Gern geschehen.

Confirming Be'lakor is now my favourite melodeath band. It's challenge to find good melodeath but Be'lakor is proof it exists.

“ **Luveria wrote:**

Orchestral glitch? ☐

It's got like glitchy techno electronics with orchestral music and a Theramin.

Some songs, anyway...Some just have orchestral stuff (The less exciting ones because I don't exactly consider the orchestral parts the most exciting orchestral music), and some orchestral with just Theramin (Like the previous song)

[Remember Me Soundtrack-Olivier Deriviere-Fragments](#)

Well...this ones just electronic.....with robotic vocals

I tried two of those glitchy orchestrals to see what it's about, and more games should have music like that.

I like fairytales being changed into twisted forms.

Or, more specifically, them being more accurate to how they were originally before Disney made them all seem pretty and happy and princess'...

If too many do it though then it isn't as interesting anymore, but I agree.

[Remember Me Soundtrack-Olivier Deriviere-The Enforcers](#)

Another electronic one

Fairy tales were originally dark. Unicorns were considered to be evil creatures. Now it's the opposite.

Yeah. Reading about some of them and watching more accurate

shows, I'm like "Why the hell was this turned into a pretty Disney story?"

It's kind of like how everyone seems to think that Romeo and Juliet is this "Perfect love story" when it's really not, and I don't think movies have done a very good job at portraying that right and the new one doesn't appear to be doing any better from the looks of it.

This is coming from someone who has heard details about it but hasn't actually read it, though...

[Remember Me Soundtrack-Olivier Deriviere-Memory Reconstruction](#)

Most of the songs seem to have some weird electronic thing going on with the orchestral stuff, which is good.
